Drink it up!
It's all gone!
I don't want anymore
I like _____
Fill up your glass
Put your cup on a saucer

Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

--Beginnings SC Team

Take a Trip!

Go to your local grocery store and take a trip down the drink aisle. Discuss the different drinks that you use, talk about where people may drink certain drinks, and talk about the different items each drink is served in.

Grab some materials!

Go online and search for easy drinks to make for kids. While making the drink, have your child help you. Discuss what goes in the drink, what the drink will be served in, and what the drink looks like.

Visit our Pinterest for more activities:

Use your imagination!

Have your child pretend that they are a restaurant owner. Have them discuss items that they will have on the menu and what drinks they will serve with each item and why. If you have the materials, have your child write out the menu.
