Scream

Terrible

Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

--Beginnings SC Team

Take a Trip!

When you are taking your child to a new place, or a place you have visited before, talk to them about the different emotions that they are feeling at the time. For example when taking them to school they could use the words happy, and good to describe how they feel about a new day at school

Grab some materials!

Help your child draw a picture of themselves in different settings (school, daycare, with friends) Around the picture, help your child write out words around the picture that relate to how they feel in that situation.

Visit our Pinterest for more activities:

Use your imagination!

Play a game and act out each word on the list. Take turns having your child act out some of the words and trying to guess the words. Talk about each word afterwards and what each word is used for.
