Postcard
Sign
Type
Typewriter

Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

--Beginnings SC Team

Take a Trip!

Take a trip to the post office. While there, have your child send a letter or package. Allow them to talk with the post office workers. Talk with your child about everything that you observe. Try to identify as many items as you can from the vocabulary list.

Grab some materials!

Help your child write a letter or postcard to a friend or family member. Talk with them about writing the letter or post card and the process of sending the letter or post card. When talking to your child, try to use as many words from the vocabulary list as possible.

Visit our Pinterest for more activities:

Use your imagination!

Have your child pretend that they are a mailman or mailwomen. Talk to them about all that their job entails. Have them pretend to deliver letters, and do a variety of other tasks relating to the vocabulary list.
