Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

Take a Trip!

Go to a local clothing store with your child. Look at each clothing style and talk with your child about what you see. Take the vocabulary list and cross out or highlight words that you see on your trip. At the end of the trip, talk about the words that you didn't see, and why you may have not seen them at the store.

Grab some materials!

Help your child go through their closet or a closet in the house. Talk about all the clothing and accessories you see. Talk to your child about where they might wear each clothing item.

Use your imagination!

Have your child pretend that they are a fashion designer and can wear anything they want. Have them draw or describe to you what they would wear. Make sure that they use as many words from the list as possible.
