Zero

Expressions

What a lovely day
it's very _____
out today.

The sun is
shining.

Not a cloud in the
sky.

What is the
temperature?

Don't splash in the
puddles.

Open the window
and have some
fresh air.

Dear Parent or Guardian, The Language Lab is used to further your child's vocabulary and language. The following vocabulary is based off of the Ling Thesaurus. It is important that your child understand the concept of each word in the phases. Phase 1 contains words most frequently used and learned first. Phase 2 contains the next most frequent words. Phase 3 contains words needed for a basic minimum reading level. Phase 4 contains words that should be used in school life. Use this a guide and resource as much as you can to interact with your child and improve their language

--Beginnings SC Team

Take a Trip!

Help your child look at what the weather will be for the week, using a weather app or website. Talk about what the weather will be like for the week using words for the vocabulary list. On a sheet of paper, have your child plan out what they will wear for the week to go along with the weather.

Grab some materials!

Help your child look at what the weather will be for the week, using a weather app or website. Talk about what the weather will be like for the week using words for the vocabulary list. On a sheet of paper, have your child plan out what they will wear for the week to go along with the weather.

Use your imagination!

Have your child pretend that they are in a meteorologist on TV. While acting this out, encourage them to use words on the list to predict the weather. Talk about what the weather is like today, and what it may be tomorrow.
